

RULE: كان = was. After كان its sisters the PREDICATE takes FATHA (accusative).

Arabic	Meaning	Example
كان	was	He was a righteous man = كان رجلا صالحا
صار	became	He became a scholar = صار عالما
أصبح	became (morning)	He became rich = أصبح غنيا
ما زال	still is	He is still truthful = ما زال صادقا
ليس	is not	He is not a scholar = ليس عالما

★ Predicate of كان = fatha: كان كان (not كان)

★ كان كان كان = Allah is Ever-Forgiving, Ever-Merciful (timeless attribute)

★ كان = still is — very useful: كان كان = I am still learning
