

## What is Tajweed?

Tajweed (Arabic transliteration: Tajwid) literally means to make better or to improve. In the context of Quran recitation, it means reciting each letter from its correct articulation point with its proper characteristics — exactly as the Prophet (peace be upon him) recited.

## The Quranic Command

Wa rattilil-Qurana tartila — Recite the Quran with tarteel (proper, measured recitation).

*Surah Al-Muzzammil (73:4)*

## Why Tajweed Matters

- Mispronunciation can completely change the meaning of a word
- Example: Haleem (forbearing) vs incorrect pronunciation = meaningless or wrong word
- Tajweed preserves the Quran exactly as revealed to the Prophet (pbuh)
- The Prophet (pbuh) said: 'The best of you is the one who learns the Quran and teaches it' (Bukhari)
- One who recites skillfully will be with the noble angels (Muslim)
